

Gig Launch Testimonials - Promoters

"Working with Gig Launch was like having an entire staff working on our behalf to find new talent! Organized, professional, and open to suggestions. In this business it's hard to find partners who care more about the artist than their money, but Gig Launch always puts the artist first. Thank you for your help Gig Launch!"

"Hoorah for Gig Launch and the fantastic contribution you have made to the Australian Music Industry.

As a promoter I thank you sincerely as recently I came across some tremendously talented Australian musicians through Gig Launch and now have a great line up for the festival I am preparing in 2011. Outstanding, friendly service all round and I have no hesitation in doing further business in the future. Keep up the great work and make us Aussies proud!"

"It has been a real pleasure working with Gig Launch! All the staff I have been in contact with for Festival4Stars International Songwriting Competition have been extremely helpful and made any question I have had about the site a priority to answer.

For a first try we were very pleased with the applications received, and expect even more next time as the site grows."

"I have to say, out of all the sites like this that I have registered with, this is the first time I have been offered my payment by any of them. I'm so pleased to see that it's an Aussie site too.

In an industry where so many operators are of a dodgy nature, it's great to see honesty. Many thanks for your work."

"Thanks to all of you for applying and supporting the Semaphore Music Festival. Also, thanks to Jillian Jake at Gig Launch, eleven artists were selected from about fifty applications, mostly from interstate.

I preferred to use an Australian online booking agency to broaden our national profile. I appreciated Jillian and her team's personal and friendly assistance not only to the festival but also to our artists, assisting them with uploading their EPK's etc. We got top quality artists and we will be using Gig Launch again next year."

"This is the first time we have utilised Gig Launch and have been blown away by the variety and depth of Australian Indie talent promoted. The system is truly world class, easy to use and we will be accepting more artists from Gig Launch than we originally envisaged.

I recommend Gig Launch to all festival management who seek quality Australian independent performers."
