

Artist New Account Instructions

CREATE YOUR ACCOUNT

- Username: This is your username to log into your account. In your profile you can set your own name. Your username can only use lower case and cannot use spaces. There is a maximum of 50 characters.
- Member Type: Select **Artist**
- Please choose a package: Select **View Packages** for all information and prices. Select a package and enter your credit card details.
- Enter email address, first name, last name and address.
- Security Code: Enter the code below.
(If unable to read, leave the “**Enter Security Code**” space empty and press Launch at the bottom of the page. The information you have already entered will be saved, and the new page will have a new security code.)
- Terms & Conditions: Click on **Terms & Conditions** to read, tick the box to accept.
- Parent/Guardian consent form: If you are over 18 years of age tick this box, otherwise click on **Parent/Guardian consent form** and print form. Once filled out by a parent/guardian, send the form to Gig Launch via the supplied address and we will contact you when your account is activated.
- Signature: Enter your full legal name.
- Click on the **LAUNCH** button to finalise your account.
- If you are directed to your account form again that shows “Incorrect or expired security code” simply retry your security code at the bottom of the page, as it may have expired due to the amount of time taken to create your account.
- Thank you for joining – an email will be sent with your login information.
If you don’t receive this email please check your junk mail folder, and if still not received please contact our [SUPPORT TEAM](#)
- To change your password go into **My Account**, click on the CHANGE button, type in new password then UPDATE.
